

LIABILITY DISCLAIMER

– posted on: www.AwesomeLasers.com/oemdisclaimer.htm

- You understand that these LASERS, LASER components, and kits are dangerous when not properly assembled into a finished product.
- You agree to use these components and kits as an OEM product and properly incorporate them into a finished product of your own design.
- You will use these LASERS, LASER diodes, parts, and kits in a safe and responsible manner and for a legal purpose.
- You are legally responsible for the use of these components, improper use of these components, or their end products.
- You are legally responsible for any injury to anyone resulting from the use of or assembly of these components or their finished products.
- You accept LASER parts and components as COMPONENTS for integration in a system of YOUR OWN DESIGN and will hold the SELLER LEGALLY HARMLESS from any and all LIABILITY.
- We are not responsible for damages, injuries, deaths, accidents, inconveniences, or other ill effects arising from your use of or inability to properly use or assemble these LASERS or LASER components.
- You know the electronic safety precautions necessary when working with these devices and therefore you accept them AS-IS as an EXPERIMENTAL COMPONENT without express or implied warranty.
- We take reasonable precautions to sell these parts and kits ONLY to responsible adults - see: Terms of Sale and Verification Video on our Web site.
- Our Laser Diodes, Modules, and Hosts are designed solely as OEM components for incorporation into the customer's end products. Therefore, these kits, when assembled MAY NOT comply with the appropriate requirements of FDA 21CFR, section 1040.10 and 1040.11
- When assembled, these devices may not legally be sold in the USA and other countries. We cannot sell you an assembled "kit", and you may NOT assemble the "kits" and sell them as finished products.
- You agree NOT to re-sell finished kits or assembled components as an Awesome Lasers product.
- We reserve the right to demand return of any of our products if they are involved in reported illegal activity, or in the commission of a crime.
- Electronic parts such as diodes and driver boards are NOT RETURNABLE once the sealed ESD bag / container is opened.
